MARYVILLE, TENNESSEE

Major—Biology; Minor—Education; Member of "M" Club '22, '23, '24; Varsity Basketball '22, '23, '24; Manager Team '24; Assistant in Physical Training '24.

We've already begun to wonder what our basketball team is going to do without Grace next year. She's played hard for three years and has been instrumental indeed in the success of our team—and she teaches Gym too, so you see she's very athletically inclined.

HUGH CARTER CLABOUGH, B.A., *Athenian*
MARYVILLE, TENNESSEE

Major—Social Science; Minor—Education; Manager College Lyceum '22, '23, '24; Assistant in Zoology '22, '24; Treasurer Athenian '22, '23; Class Baseball '21; Class Football, Basketball and Baseball '22, '23, '24; Captain Class Football '24; Y. M. C. A. Cabinet '22, '24.

Floyd plans to be a banker and he is bound to be a success. He is a man with plans and a master of details.

HUGH ALEXANDER COULTER, B.A., *Athenian*
MARYVILLE, TENNESSEE

Major—Social Science; Minor—History.

If we consider only the physical make up, Hugh might be called the vest-pocket edition of the senior boys. But Hugh is another reminder that men are measured from the ears up. He is never to be found any place where he has no business. Patient and persevering are the words he brings to our mind.

WILLIAM CECIL CROW, B.A., *Athenian*
HALEYVILLE, ALABAMA

MAE AWANDA DAVIS, B.A., *Bainonian*
CONCORD, TENNESSEE

Major—Home Economics; Minor—Biology; Assistant in Home Economics '24.

It's such a comfort to have a person around who is ready, willing and wanting to do anything, anytime, anywhere, and that's Mae all over. We all envied her pretty curly hair, but as Mae expressed it—"If 't's my hair you like, well, I'll give that to you."

DOROTHY DICKERSON, B.A., *Bainonian*
CHATTANOOGA, TENNESSEE

Major—Latin; Minor—Spanish; Class Vice-President '21; President Chattanooga Club '21, '23; Y. W. C. A. Cabinet '22; Assistant in Zoology '22; Class Editor '21; Nu Gamma Sigma Leader '23.

It began in Freshman Chemistry—Dot's confirmed habit of being adequately prepared for every class, I mean—and as is the custom with a habit, good or bad, it has persisted ever since.

MARGARET HOFFMAN DUKE, B.A., *Bainonian*
CUMBERLAND, MARYLAND

Major—Bible; Minor—Psychology; Goucher College '20; President Friendship Council '22; Y. W. C. A. Cabinet '23; President Bainonian '24.

Margaret is the kind of person who works without making lots of commotion about it, and thinks without speaking every thought. She is welcome everywhere—classroom, society hall, Y. W. C. A. rooms, tennis court, and all.

DOLLIE ENOCH, B.A., *Theta Epsilon*
MARION, KENTUCKY

Major—Biology; Minor—Education; Friendship Council '22; Y. W. C. A. Cabinet '24; Girls' Glee Club '24.

If success in life depends to any extent on the ability to stay with a job, whether in school activities or in outside work, Dollie will be very successful. Not only Theta, and Y. W., but the whole school will miss her.

SAM HORACE FRANKLIN, JR., *Alpha Sigma, Pi Kappa Delta*
MARYVILLE, TENNESSEE

Major—Chemistry; Minor—English; Vice-President Freshmen '21; Y. M. C. A. Cabinet '21; Rush Strong Medal '21; Treasurer Y. M. C. A. '22; T. T. LENOIR CITY, TENNESSEE

Major—Home Economics; Minor—Chemistry; Elizabeth Hillman Chemistry Prize '22, '23; Assistant in Chemistry '24; Assistant in Home Economics '24; Secretary Chemistry Club '24.

You never would guess that beneath that calm, unruffled exterior she's so sensitive to all chemical affinities, reactions, etc. But she is and she even applies Chemistry to her work in Home Economics! She'll make a great chemist some day. Wait and see.

THOMAS J. GREENLEE, B.A., *Athenian*
OLD FORT, NORTH CAROLINA

Major—Chemistry; Minor—Mathematics; Member of Chemistry Club '21, '22, '23, '24; Program Secretary Chemistry Club '22; Tar Heel Club '21, '22, '23, '24; Varsity Football '24.

Tom held a unique record on the football field for in five years he missed about three practices. Perseverance is bound to win and Tom has plenty of it.

MARTHA MARIE GRIFFITH, B.A., *Bainonian*
BYINGTON, TENNESSEE

Major—English; Minor—French; Class Secretary '24; Assistant in English '23, '24.

Little and cute, popular and sweet, smart and dependable. Many more adjectives which are used in describing especially attractive people may be used, but these are enough to give a little idea of how much the class of '24 thinks of Marie.

SWARTHMORE, PENNSYLVANIA

Major—Social Science; Minor—English; Class Tennis '22, '23, '24; Captain College Tennis Team '23; Art Editor Chilhowean '23; Program Secretary Alpha Sigma '23; Alpha Sigma Midwinter '24.

Major—Home Economics; Minor—Education; Y. W. C. A. Cabinet '21; Secretary Junior Y. W. C. A. '22; Vice-President Y. W. C. A. '24; Maryville College Players '24.

Really she is the most confirmed optimist in the Senior Class—at any rate that's the impression she always leaves, and she's so good natured and merry we all adore her.

RACHEL ELIZABETH HIGGINBOTHAM, B.A., *Bainonian*
ROYSTON, GEORGIA

Major—Biology; Minor—Psychology; Y. W. C. A. Friendship Council '22, '23; Y. W. C. A. Cabinet '23, '24; Assistant in Botany '22, '23, '24.

As Byron has so aptly put it—"I love not 'Mann' the less but nature more", and Rachel has clearly demonstrated the truth of this by her double activities of assisting in Biology and, in the meantime, her concentrated study of human nature.

LINA LOUISE HODGES, B. A., *Bainonian, Pi Kappa Delta*
MADISON, ALABAMA

Major—English; Minor—Mathematics; Class Editor '21, '24; Chilhowean Staff '22; Temperance Prize '22; Y. W. C. A. Whether she is wanted to play the 'cello or make an important poster, or teach a beginner how to swim, Madeline is always ready.

ALICE JOSEPHINE HUNT, B.A., *Theta Epsilon*
MADISONVILLE, TENNESSEE

Major—Home Economics; Minor—Education; Treasurer Theta Epsilon '23; Editor Theta Epsilon '24.

We've watched Alice's crowning glory with bated breath, but thus far it remains intact against the maddening craze for short hair. She's helping make "the Match-box" a success and, if one should judge from appearances, it will prove a fitting appellation sometime.

HENRIETTA FORBES JACKSON, B.A., *Bainonian*
BIRMINGHAM, ALABAMA

Major—Home Economics; Minor—Biology; Class Editor '22; Delegate to Blue Ridge '22; Program Secretary Bainonian '23; Chairman Bainonian Midwinter Committee '24; Manager Y. W. C. A. Store '24; Y. W. C. A. Cabinet '22, '23, '24.

Two adjectives which are often used separately in characterizing people make a splendid combination in describing Henrietta—capable and dependable.

ARTHUR R. KINSLER, JR., B. A., *Alpha Sigma*
HADDONFIELD, NEW JERSEY

Major—Mathematics; Minor—Greek; Intercollegiate Debate.

Art has never been identified with those who are out for a good time only. His happiness is in carrying about six or seven courses throughout the four years and making grades in all of them. His hobby is playing the piano and that, like other things, he does well.

SARAH A. KISKADDEN, B.A., *Theta Epsilon*
BELLEVUE, PENNSYLVANIA

Major—Bible; Minor—English; Girls' Quartette '22, '24; Assistant in Biology '23, '24; Assistant in Bible '24; President Girls' Glee Club '24; Vice-President Theta Epsilon '24; Y. W. C. A. Cabinet '24.

Sarah spent her Freshman year at the University of Pittsburgh. Since being here, in addition to all these other activities, she has been rather actively engaged in certain phases of the Chemistry Department.

ISABELLE LOWE, B.A., *Bainonian*
MARYVILLE, TENNESSEE

Major—Latin; Minor—Home Economics.

Isabelle is one of the fortunate ones who can get a college education without leaving home. She has majored in a dead language, but that is no sign that she is not very, very much alive. Proof: She minored in Home Ec.

LENA BLANCHE MOORE, B.A., *Theta Epsilon*
PRENTISS, NORTH CAROLINA

Major—Home Economics; Minor—Psychology; Y. W. C. A. Cabinet '23; Delegate to Blue Ridge '23; Student Council '24.

Someone has said that Blanche is the best cook on the Hill. This has been proved in many ways besides her splendid record in Home Economics, as a pupil and as an assistant.

EVA HAMILTON MORELOCK, B.A., *Theta Epsilon*
LIMESTONE, TENNESSEE

Major—Biology; Minor—Home Economics; Vice-President Theta Epsilon '24.

Eva is important not only in the Moonshining Club and in Theta, not only on the basketball floor and in the Home Ec rooms, not only in the hearts of her best friends, but in the hearts of all the Senior Class.

MARY LUCILLE McRADY, B.A., *Bainonian*
LEWISBURG, TENNESSEE

Major—English; Minor—Psychology; Y. W. C. A. Cabinet '23; Chilhowean Staff '23; Editor Middle Tennessee Club '24.

Lucille, your striking beauty and stately appearance have made an impression on those who know you least that will not soon be forgotten. By us who know you best only a part of your true worth is really known.

JOHN ELIJAH NUCHOLS, B.A., *Athenian*
MARYVILLE, TENNESSEE

Major—Psychology; Minor—Social Science.

One of the most patient workers in our class, whether it be just plain studying or preparation for a class party or banquet John can always be depended on. John and his Ford have saved many committees from real embarrassment.

HARRY LONES OWEN, B.A., *Athenian*
CLINTON, TENNESSEE

Major—Psychology; Minor—History; Glee Club '21, '22, '23, '24.

When Bumpus leaves school his place will be hard to fill, both literally and figuratively speaking. Literally, because he is one of the biggest men in college; and figuratively, because he has a way of making everyone his friend.

DOROTHY CHRISTINE PAINTER, B.A., *Bainonian*
MARYVILLE, TENNESSEE

Major—Home Economics; Minor—Biology.

Christine gets to live at home and try out all the good recipes she learns in Home Ec. Besides her cooking ability she is especially noted for her irresistible good humor and ability to see the silver lining behind such clouds as matriculation lines, class dues, and Ethics tests.

HELEN KATHLEEN RANKIN, B.A., Bainonian
White Pine, Tennessee

Major—English; Minor—Psychology.

To say that Helen is a good student would be putting the fact too mildly, for she is an extra good one. To say that she is a very quiet girl would be putting that fact too strongly, for when she does talk she says something.

ALMA GRACE REGNEMER, B.A., *Bainonian*
Mingo Junction, Ohio

Major—Psychology; Minor—Spanish; Spanish Play '24.

Alma's our studious member and her grades are such as any of us might be proud of. She's especially brilliant in Spanish as she so thoroughly proved by her excellent work in the Spanish play. Our best wishes are with you, Alma, and we're sure you'll succeed if you continue through life as earnestly as you have during your college career.

MARY MARGARET ROBISON, B.A., *Theta Epsilon*

'23; Delegate to Hot Springs Convention '23; Chilhowean Staff '23; Secretary Student Council '23; Varsity Basketball '22, '23, '24; Captain Varsity Basketball '24; Physical Training Assistant '24; President Theta Epsilon '24; Vice-President Class '23, '24; Delegate to Indianapolis Convention '24.

MANILLA MAYE RUBLE, B.A., *Bainonian*
GREENEVILLE, TENNESSEE

Major—Biology; Minor—Chemistry; Assistant in Lamar Library '24.

To some people the word Manilla suggests Manila Bay, but to the class of '24 it suggest Manilla Ruble. She is always anxious to get exactly the book a person needs in the library; and in her spare time she makes good grades.

BERTHA MAE RUSSELL, B.A., *Bainonian*
MARYVILLE, TENNESSEE

Major—English; Minor—Bible; English Prize '21; Temperance Prize '22; T. T. Alexander Prize '23; Chilhowean Staff '23; Teacher of English in Preparatory Department '22, '24; Graduate in Public Speaking '24.

Quality certainly counts most in the matter of honors. Not selfishness, but ability and hard work gave Bertha more than an ordinary share of prizes.

LYNN RUSSELL, B.A., *Bainonian*
CALHOUN, TENNESSEE

Major—Home Economics; Minor—Biology; Assistant in Biology '24.

If the significance of diamonds, frat pins, and the like is to be accurately interpreted, you'd discern very readily that Lynn has been very discreet in her choice of her major subject, and all this china painting which has been very much in evidence of late will certainly not be amiss.

JOHN BAPTISTE SANCHEZ, B.A., *Athenian*
TAOS, NEW MEXICO

ELLEN IRENE SHARP, B.A., *Theta Epsilon*
SEYMOUR, TENNESSEE

Irene's name is true in many ways. She is sharp in Psychology and Chemistry, sharp on being in the right, sharp on saying kind words to everyone. Indeed when sharp has a good meaning, it applies to Irene.

IRMA ETHEL SHERFEY, B.A., *Bainonian*
CONCORD, TENNESSEE

Major—Home Economics; Minor—Chemistry.

Irma has gladdened our hearts with her presence throughout our college course. She's quiet but her looks speak volumes. Of course she had to follow the style and bob her hair, but strength remains in those lovely eyes and that winning smile.

"Women will love her that she is a woman
More worth than any man; men, that she is
The rarest of all women."

LUCY, TENNESSEE

Major—Home Economics; Minor—Biology; Y. W. C. A. Cabinet '22; Publicity Chairman Bainonian '22; Bainonian Midwinter Committee '24.

Vashti's talent as an artist has been proved many times. She is not only an artist with paint and brush, but also one with needle and thread; and more than either, she is an artist in the gentle art of being lovable.

EUCLID, PENNSYLVANIA

Well, Peg, old dear, we've had many ambitious Latin aspirants on College Hill, but none of them have made quite such a success in the complete mastery of Vergil as you have. Won't it be great when June comes! Best wishes from the class of '24.

CHARLES ALBERT WATHEN, *Athenian*
PARROTT, KENTUCKY

Major—Chemistry; Minor Biology; Chemistry Assistant '23, '24.

Wherever true Light, Love is found

The silent cross transcents the crown,
Oh let me serve a little more.

FLORENCE LUCAS WHITFIELD, B.A., *Bainonian, Pi Kappa Delta*
DONIPHAN, MISSOURI

Major—English; Minor—History; Intercollegiate Debate '23, '24; Teacher in Preparatory School '24; Assistant in Botany '24.

Florence came to us at the beginning of her Junior year from Park College. She has been in the midst of things since her arrival on the H'll and what she does is done well indeed.

MARY ELIZABETH WHITLOCK, B.A.
JONESBORO, TENNESSEE

Class of 1927

Great in quality as well as in quantity, the Class of 1927 has already contributed much to the life of Maryville College. The Freshman Class has yet to meet defeat in athletic competition. Although Freshmen were expected to take second place in all of the inter-class contests, they won in football, then in basketball, and then in track. Nor have Freshman activities been limited to athletics. A dual debate was arranged between Maryville's first Freshman Debate Team and University of Tennessee Freshmen. Members of the Class have had much to do with the activities of College Hill, and their efforts have gone far in the perpetuation of the Maryville spirit. The Class of 1927 has already achieved much, and it purposes in its undergraduate life to establish a record that shall be clean and constructive; that shall be true to the highest ideals of our Alma Mater.

Y. M. C. A. HAS BIGGEST YEAR IN HISTORY OF THE COLLEGE

Starting out with the utmost proficiency in their work the Maryville College Y. M. C. A. established four qualities for the success of the year's work: Consecration, Initiative, Efficiency, and Faithfulness. In all departments of the program this has been shown throughout the year.

The athletic department has produced one of the best programs in years. Starting with the moto "Every Man Taking Part in Athletics", a complete program included class football, cross country running, horse shoes, swimming, hikes, boxing, wrestling, class and tournament basketball, and tennis, was carried out for the students, finally capping the climax with the biggest circus in existence, the Bingling Brothers, Darn'em Daily Circus. They have built up athletics for all.

To care for the mental side of our students the Y. M. C. A. provided an excellent reading room, superb music, an extraordinary lyceum course. Through the influence of the Indianapolis delegates, the Maryville students have seen a new light in their relation to the students and peoples of the world. Precedents were broken by these delegates. They spoke in chapel, talked with the students of new things in world affairs and student freedom and even wrote articles to stir the students into action on such things as the Race Question, Industrialism, International Policies, and the Youth Movement. They established a forum where they said what they thought.

The Y. M. C. A. has helped to produce a great spiritual atmosphere on the Hill which strangers always talk about. By means of a new organization, The Friendship Council, a band of thirty-four young men who have given their time to bring souls to Christ, to make friends with every man in school, and to produce a general spirit of companionship on the campus, this band has become a power in the college for Jesus Christ. In the February Meetings they were continually active as individuals and as a group to urge men to come to an understanding with Jesus. Besides this, the work has been carried on by speakers, Sunday School classes, the Morning Watch, services in the town and the country by the Deputations Committee, and finally, by one of the most successful Life Work Conferences in our history.

With the purpose of leading students to faith in God through Jesus Christ, and to active membership in his Church, the Y. M. C. A. has put forth every effort to reach the students in every way and to lead them to a realization of what it means to be an active Christian, both to themselves and to the world.

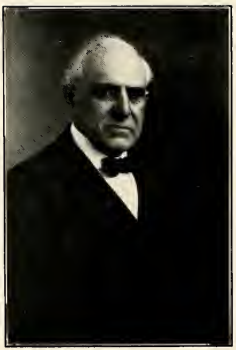
Banded together by common ties of purpose and aim, we are endeavoring to propagate by our work those things that will be related, if not essential, to our life's service—whether it be given on the home or the foreign field.

Our motto is: "Non ministrari, sed ministrare."



DR. ELMORE

February Meetings

The February Meetings for 1924 began on Tuesday, January 29th, a week earlier than usual, and closed on Friday morning, February 8th. They were notable and ever-memorable in their spirit and results.

The faculty and the students cooperated enthusiastically in carrying forward the work, under the effective and delightful leadership of Revs. Edgar A. Elmore and Sidney E. Stringham, both of Chattanooga.

Dr. Elmore has had a unique experience in his connection with the February Meetings of Maryville College. In 1888 he first conducted that annual series of meetings; and since then he has conducted eight other series; usually at intervals of four years. The ninth series he has just now finished, in this fiftieth anniversary of his graduation from the College.

And it was a revival of great power and tenderness. Forty-four students, nearly all of the students who had enrolled as not professing Christians, gave themselves to Christ, while nearly four hundred Christians reconsecrated themselves to a better Christian life.

During the eleven days of the meetings, Dr. Elmore preached twenty-three sermons of marvelous tenderness and moving power. Perhaps never in the forty-seven series of the February Meetings have greater victories been won than at the last two meetings of this year's series.

During the nine "February Meetings" held by Dr. Elmore, over five hundred students have given themselves to the Christian life, and they are now at work all around the world.

For the third successive year, Mr. Stringham conducted the singing. So completely has he won the hearts of the students, that it was with enthusiastic unanimity that in the farewell service he was invited to return for the February Meetings of 1925.

Football Season

"I want to see the day when football will be an institution at Maryville." These were the words of Coach L. S. Honaker on the occasion of a speech before the students during his first year at Maryville. And, in three short years his wish has been realized. Not only is it true that the students and alumni and the town are out to back the team, win or lose, as never before, but it is true that throughout the South the Highlanders are coming to be recognized and respected as one of the really first-grade teams of the Southern colleges. Tennessee no longer looks upon the Maryville game as a practice affair; Kentucky schedules us as late as October 20; Sewanee gives us a game on November 17.

CAPT.
BOB THROWER
A Great Tackle

But after all, in addition to an established college spirit in connection with football, in addition to our recognition by the colleges of the South as having arrived, footballically speaking, the best thing of all is the fact that Maryville is at last home-growing her football talent. It is no longer the case that Maryville football followers must worry through the summer, wondering who will come in in September to play quarter-back, whether a good tackle will drop in from somewhere, or whether a kind fortune will at last send us a real half-back. The men are here—on the ground, trained and schooled in the Maryville system of play. Only one man earned his letter during the past season who came to Maryville this year with advanced standing from another college, and only one other letter man was a member of the Maryville squad for the first time. Indeed it is a matter of only a year or two until we can assume the restrictions of the freshman rule with scarcely a jolt.

HAMILTON

And now we come to speak of the 1923 season. In brief the results are as follows: eleven games played; seven won, one tied, three lost; Maryville's total score 346, opponents' 91. Four of the eleven games were easy for the Highlanders as scores one of 74-0, two of 73-0 and one of 61-0 indicate. The rest of the schedule was hard.

After easy triumphs over Mars Hill and Weaver, came the Tennessee game. And what a game it was! Instead of the old spectacle of Maryville standing forlorn and lost like the Spartans at Thermopylae, fighting a hopeless and losing fight against the Tennessee strength, there was a different scene this year. This time it was Tennessee fighting savagely and frantically to turn back the superior strength and strategy of the Orange and Garnet warriors. Only a marvelous morale saved the Vols from defeat. In every respect they were outclassed and outplayed by our men.

The game with Milligan furnished scant respite, for it was a sharply contested affair with Maryville taking the long end of a 14-3 score. The Kentucky game was a real test of strength. "Was the U. T. game a flash in the pan?" everybody was asking. And against the Wildcats of Kentucky, boasting in Sanders and Kirwan, two of the best offensive players in Dixie, and having in all departments a really powerful team, Honaker's men held, and not only held, but played an offensive game of their own which once at least almost carried the ball across the Kentucky line. No score of the season is more to our credit than this 28-0 loss to Kentucky State.

SHORTY SNEED
In his last and best year

The easy 74-0 victory over L. M. U's valiant team, making their debut in intercollegiate football, was good for the team, for against Georgetown the following week they encountered one of their most determined competitors, and fought out one of their most brilliant victories. Georgetown's six points came early in the game, and served as a spur in the side of the Highlanders who rose in their might and by an unbroken succession of brilliant plays smashed out a 28-6 victory.

On November 12, Armistice Day, such a crowd as never came to the Hill for an athletic contest before, crowded to the Hill. Beside the 800 students and some 200 others who came in in a complimentary capacity, 2033 paid admissions were collected, for it was worth anybody's money to see King College and Maryville do battle. King's Tornado came heralded as a wonder team, and

they proved the claim beyond a question. Their forward passing game was brilliant and no more spectacular playing was ever done in these parts than that done by Elton Sharp, King's justly famous half-back. As it was, the score was 17-0 in King's favor. What it might have been but for the staunch defense of our stonewall line and the marvelous defensive play of "Shorty" Sneed, who can say?

The game with Sewanee came next, within the same week in fact, and again against one of the first-rank teams of the South, the Maryville team proved its worth. The 20-0 score by no means indicates how strong a game the Highlanders displayed.

The game with East Tennessee State Normal on November 24 was a track meet for Maryville, with Hurst particularly in the limelight. The score was 73-0.

MUSICK
A Fighting End

The Thanksgiving game with Cumberland University was played on a rain-soaked field, and yet in spite of the heavy going and the slippery condition of the ball, it was a game remarkable for the absence of fumbles and kindred mishaps. The presence of Knee, former Wabash College star, "Thug" Murray, former Sewanee tackle, and All-American selection, Ray Board, Oklahoma University's brilliant freshman half-back of two years ago, on the Cumberland lineup, accompanied by a full quota of excellent football ability in the other positions, made the Lebanon aggregation a most formidable contender.

The first points came as a result of a pretty drop kick by Knee, but just a little later a spectacular forty-three-yard run through a broken field by McMurray placed the ball in scoring position; in a succession of terrific plunges Hurst carried the ball over. At the beginning of the third period, "Ed" Hamilton dropped back to the 32-yard line and kicking from placement, sent

the ball between the uprights for the three points which made the count 9-3 for Maryville.

Knee's powerful drives and terrific bursts of speed threw the spectators into despair again and again during the earlier part of the game, but he never once actually got away. The Maryville defense was impenetrable and although he kept up his heroic efforts till the last whistle sounded, it was all to no avail against the magnificent defense of Captain Bob and his mates.

The passing of the season marks the passing of four men from the ranks of Maryville football by graduation. Jimmie Hardin has spent three years on the squad, and although he has never earned a letter, he has toiled faithfully and willingly in the interests of the game. Such persistent and tireless service as his is a real object lesson in the best that there is in college spirit.

Tom Greenlee, for four years a hard-working, faithful squad man, came into his own in the past season and was awarded as faithfully-earned and well-deserved a letter as was ever awarded at Maryville.

Charlie Partee also rounds out his college course in June, with two years of football to his credit. Charlie will be remembered longest for his baseball prowess. Indeed all of the money that U. T. gave toward the new athletic field was contributed in the interests of breaking up Charlie's habit of hitting home runs over the bank down the old short right-field foul line. But his football skill is no mean quantity. His speed and elusiveness have accounted for many a yard against all opponents.

WILLIAMS
A Good Forward-Pass Man

And what shall we say of "Shorty" Sneed? You may remember Coach's famous remark about the million-dollar legs. Well, that was long ago, and, Mr. Coach, we forgive you that cruelty. For whatever may have been its truth then, we know, as you know, that we could raise a considerable part of a million now if it would do any good toward turning the hands of the clock back for three or four more years of "Shorty's" service on a Maryville football team. "Marvelous", "Magnificent", "Wonderful", are these words too strong in characterization of "Shorty's" work at Tennessee, at Georgetown, against Elton Sharp, and against Cumberland's famous Mr. Knee? And how often have we shouted ourselves hoarse as we have seen "Shorty" come driving through where there seemed to be no path, twisting, turning, and lunging through to more yardage than seemed humanly possible.

GAMBLE
A Hard-Hitting Full-back

All Maryville honors the splendid gridiron service of these four members of the Class of 1924.

We could not do the season justice without mention of the captains. Captain Robert C. Thrower is not only a tackle of unusual power and ability but he has a record as captain that is most creditable. What a creator of morale he is! Who will say that his encouragement and everlasting determination were less than foremost factors in the season's victorious record?

Captain-elect Edward H. Hamilton, at full-back, at tackle, punting and place kicking, has proved himself a player of more than ordinary worth. Moreover, his fine personality and sterling manhood have qualified him for leadership, and consequently we look forward to a great season under his captaincy next fall.

CLEMENS
A Fighting Center

We accord a great meed of credit also to the coaches: to Coach-Extraordinary Hobart Ford who spent a week in hard and effective work at the first of the season, coaching the linemen. To Assistant Coach Lester E. Bond, whose own practical and theoretical knowledge of the game was unreservedly at the service of the squad. To Head Coach Lombe S. Honaker with whose own words we began this story, whose wish, therein expressed, has been realized. *Football has become an institution at Maryville,* and if for one reason more than for another, it is so because Coach Honaker has given his own skill and ability and mastery of the game to its establishment.

SHORES
A Consistent End

Making any statement or prophesy regarding football in any school at any time is a very dangerous thing for such statements are some times taken as facts rather than the mere opinion of an individual, who as a rule knows no more about what will be the final outcome than the proverbial hog knows about Sunday. However, we all wish to know what someone else thinks will happen and it is always interesting to have these opinions recorded in such a way that we may preserve them and at some future time compare them with the thing as it actually happened.

With the above in mind I shall give my prophesy for the football season of 1924.

It is usually the case that the spring of the year is a rather discouraging time for football fans and coaches for there always seems to be some peculiar atmosphere which causes football players and other students as well, to feel the impulse to break away from the small world in which they have been living and go out into the larger world and demonstrate their ability to play the great game of life.

CARTWRIGHT
A Plucky Guard

Thus we have annually several of our men dropping out of the ranks and leaving their places to be filled by some untried rookie. In addition to those who drop out either by choice or otherwise, we have those each year who have played their allotted time and who are going out with the coveted "sheep skin" to uphold the honor of their Alma Mater.

BROWN
A Good Tackle

At Maryville we are losing some good football men this year by each of the above methods and while we regret to see them pass we realize that for every true Highlander who goes out, eventually many will enter to take their places, having been influenced by those who are now leaving.

From last season's football squad only four men will be graduated, Sneed, Greenlee, Partee and Harden and while we will lose others who have made their letter and have been very valuable men we have a number of men from the squad who will make good football records when given a chance to demonstrate their ability. In fact one of the most attractive and encouraging things in football is the almost unbelievable improvement in men from year to year.

From my own experience I have learned that it is quite useless to grieve over losing good athletes for it will not bring them back and very often it is the case that we would not care to have them back for they have had their day and are ready to pass to other lines of endeavor. It is invariably true that teams are better with some new men each year for they can not live on their past reputation. Of course we would be glad at times to have the privilege of picking the men to discard but this can not be.

PARTEE
A Speedy Half-Back

In surveying our probable material for next season we shall mention only a few of those whom we shall count on to constitute the team. With Hamilton as captain we have a man who is not only a capable football man but a leader as well and with all a gentleman he promises to be a fine captain of a great team. Ex-captain Thrower is another lineman who with Hamilton will make a pair of tackles that will be hard to equal in any college. Other linemen who have shown ability and will be counted upon for next season are: Musick and Shores, a good pair of ends, Cartwright and Schmidt, guards, Coleman, Chandler, Bell and others will make good men in line.

In the backfield a number of old men will be on hand to carry the ball where given an opportunity. Hurst, McMurray, Gamble, Riskey, Crawford, Sneed and others will be a good nucleus for a backfield squad in fact these men alone would gain quite a bit of ground in most games.

GREENLEE
A Real Guard

BALDWIN
A Big Line Man

The new men, of course, are uncertain both as to numbers and ability but for the past few years the material has improved each year and with several prospects in view already it looks as if the freshmen next year will produce some good football men. Another point in which I have been especially interested and with which I have been pleased is that more and more our athletes are representative students and carrying their regular courses instead of being specials, drones, etc. The time has come when athletes must be fair students and it is to be hoped that in the near future students will be compelled to develop some degree of athletic ability.

Our schedule, which has one open date, is a very representative one altho not so many of the big schools appear on it. It has enough home games to satisfy the followers of the team and also has two very attractive trips.

McCALL
A Short, Fast Quarterback

The one other important phase of a good season must be supplied by the student body and here is where everyone can help. Constructive criticism will help the team and school and may be made a part of school spirit but destructive criticism has no place in the athletic program of any school and it will be worth while to ponder over this statement for there are instances where it has done a lot of damage to athletic teams. I believe with proper backing in the form of school spirit the season 1924 will be Maryville's greatest football year so far.

Looking back over the cage events of the 1924 season we find that at the start Coach Honaker had, besides five letter men, a vast amount of fine basketball material; men of experience and athletic ability.

The management arranged something new in the way of athletics, scheduling games all during the Christmas Holidays. With two weeks' practice the team started off on this trip which extended westward into Arkansas and north into Indiana, Kentucky, and Ohio. The experience gained in playing games on this trip proved a valuable asset in that it groomed the players for the hard season that was before them.

The first game of the intercollegiate season opened against Johnson Bible College with a 34-22 victory. Berea was beaten in the second go; then followed a victory over the Polarines.

Invading the University of Tennessee's stamping grounds, the Highlanders dropped their first contest after a hard tilt. Then followed four successive home victories, the quintet beating Polarines, Southwestern, Milligan, and Knoxville Y. M. C. A. The first of these games showed a decided improvement in the offensive play with Riskey, McMurray, and McCall doing stellarly, and with Sneed and Shores also doing their share.

SNEEZER MUSICK
Captain
and Three Year Guard

The team next took a four day jaunt into Kentucky, winning two games and losing two. On this trip the team, although losing two games, played great ball and showed at its best form of the season in beating Kentucky State Normal. Splendid guarding and a better offensive play showed in this trip and continued to improve on the team's arrival home.

Back on the home court, the Highlanders repeated their previous victory over Knoxville "Y", beating them 38-12. University of Tennessee played a return game at Maryville and were downed in a thrilling overtime battle 20-18. Lewis Veech, played the best game of his career in this affair, covering the floor in great style and allowing the opposition little chance to score. Playing an equal game at the other guard, Captain Musick also saw to it that the scoring was held down.

BRINEY McMURRAY
Completing His
Third Year

A most unusual game was played with Clemson, the South Caroliners showing a fine defensive team. However, the local team was able to match this and go just a little better, enough to put over a 13-9 win. East Tennessee Normal offered little opposition, but allowed everybody on the squad a chance to shoot. Thrower, playing his first season of Varsity basketball, stood out in this fray.

NIGGER RISKEY

The most thrilling game of the season proved to be with Transylvania. The Kentuckians apparently had things their own way during most of the game. With but a short time to play, the Highlanders took a brace, put on full steam and before the visitors realized, the score was tied, standing so at the end of regulation time. In the first overtime period both teams scored a field goal. A second extra period produced eight points for Maryville while the guards saw to it that Transylvania scored nothing.

The concluding game of the season was the rubber game with Uni-

versity of Tennessee at Knoxville, which resulted in a 30-25 victory for the University aggregation.

This is without doubt the most successful basketball season that an Orange and Garnet team has gone through, due mainly to the efforts of Coach Honaker. To him is due a great deal of credit in molding this fine machine. The Varsity "M" was awarded the following players:

"Briney" McMurray, completing his third year; "Bones" Veech, Captain-Elect; "Flash" McCall, speed artist; "Nigger" Riskey, dribbling artist; "Rocky" Shores, first year man; "Squirt" Sneed, diminutive forward; "Littlebrook" Gamble, reliable guard; and Captain "Sneezer" Musick, three year guard.

Next year's prospects seem to indicate that Maryville will continue the brilliant record made in the last two years.

Baseball Resume

Although the baseball season of 1923 was not considered by some to be as successful as that of the preceding year, mainly due to the 5-0 defeat by Tennessee, still we cannot overlook the fact that our team had quite a successful season, winning ten out of sixteen games.

Even though the Baseball schedule was indeed a strong one and would have done credit to any of the larger southern colleges, we would have made a much better showing had not some of the regulars been slow in getting their stride.

The team started the season with two decisive victories over Transylvania College and closed with a shutout victory over Union College.

Two long trips were taken; the first of which was up through East Tennessee into Virginia. The second trip was made into Kentucky, where we played Centre two games, Transylvania two games, and Georgetown College. Probably the best game of the season was played on this trip, when we defeated Centre 4-3 in the last inning.

Mathews, our star twirler, has climbed from the ranks of intercollegiate baseball, and is now playing with the Pittsburgh Nationals. Baxter Williams was elected captain for the 1924 season.

The following men were awarded baseball "M's": Sneed, captain; Partee, manager; Williams, McCall, Riskey, Mathews, Ruble, Shanks, Acton, Burleson, Anderson and Watkins.

The season of 1924 is represented by one of the best teams that has ever worn an orange and garnet suit. Despite the fact that only seven letter men returned, with men like Sneed, Partee, (who are playing their last year), Capt. Williams, and McCall, Coach had a good bunch to build the team around and we are now at the close of a successful season in 1924.

The Maryville College Players, as an organization, has completed four successful years. One play each year is presented on the college stage, and one is taken on the road. The players enjoy the reputation of never having presented a play without receiving a request for a return engagement. Miss Wilhelmina Holland has ably directed the Players for the past three years.

The Play presented at home this year was "Adam and Eve" by Balton and Middleton.

The Vesper Choir

The Vesper choir, under the direction of Miss Caroline Crawford, has sung many new and beautiful anthems during the past year. The choir have also given two elaborate musical services. The first one, a Christmas Carol Service, was the first of its kind given at Maryville College. The program included many of the well known traditional carols, besides a number of selections by some of the best modern composers. The choir had the assistance of both the men's and the women's glee clubs, and was accompanied by a small orchestra—First violin, J. Alvin Keen; Second violin, Miss Farrar; 'Cellos, Misses Holmes and Keen; Flutes, Prof. Davis and Mr. Kuhn; Organ, Mr. Swartz.

The second musical service was in the rendition of "Eastertide" a Cantata, by Dariel Protheroe, with solos for soprano, alto, tenor and bass, all capably sung by members of the choir.

Freshman Cooking Class

The study of Foods and Cookery flourishes at Maryville College, judging from the number of College Maids who pursue the courses offered. This year seventy girls were enrolled in first year Foods. Practically all of these girls expect to receive a Smith-Hughes certificate when they graduate.

The girls wear white uniforms, in laboratory, especially designed for them in the "College Maid" shop.

Teaching is not the only alternative for girls taking the course in Foods. The practical experience gained is beneficial in many occupations other than teaching. During the past few years, the Home Economics Department has been greatly handicapped, but the enrollment this year has increased and will continue to increase, due to the vast number of opportunities offered by the introduction of a Smith-Hughes course in Home Economics.

Teacher Training Class

Looks like a parade getting ready to move, doesn't it? Or a jolly bunch off for a long joy ride. You're wrong, both guesses. These are the members of the Teacher Training Class in Home Economics about to set out for the various rural schools in which they spend Monday morning giving instruction in domestic art. Sewing is being taught this semester, and if the project is a success, cooking will be taught in the fall. The class serves a double purpose, its members receive practical training in teaching, and Home Economics is given a place in schools which would otherwise lack this branch of instruction. Thus far eleven schools have been accommodated. Especial thanks are due the Chilhowee Club for cooperation in presenting the matter to the rural schools, and in furnishing means of transportation.

A Word of Farewell

Now we have about completed our task of preserving memories of dear old Maryville. As we come to open the closing pages of our Chilhowean we sat down mentally and cast about for a few finalities. We found that we were losing heart. In a few brief days the seniors will have departed to far places, and like this book, will soon be worn out. Nothing, if anything, offering itself for presentation, we went to the faculty for a gleam of humor to lighten the last darkening hours of the stately seniors and Mr. Queener.

Miss Molly loomed as the biggest possibility along such lines, so we interviewed her. She hesitated to tell several of her favorites, for fear of the censor; but we do tell this delicate little morsel of delight from her lips:

"'Twas midnight in the parlor
'Twas darkness everywhere,
The silence was unbroken,—For,
There was nobody there."

(We beg to call attention especially to the exalted realm of expression in that passage, gathered about such beautiful thought).

Our next approach was Assistant Instructor in Biology and Associate Director of Athletics, Lester Peanut Bond. He declared that he had not pulled a good joke since he had raised his mustache, but that he would ask his wife about it.

In the meantime, we went to the Dean, confident of having something to laugh at. We explained our desire, and he reacted, "Well, now let's see. It's always wisest to get at the fundamental principles. Now Professor James tells in his Psychology of the absent minded man who took a bath in the sun. But we must always bear in mind that as J. Stanley Hall puts it, Man is only in the tadpole stage of his development."

(We suggest that the humor may be found in Stanley's new book, The Spiritual Life of the Monkey.)

Coach Honaker, with his usual, unusual collection of brilliant repetoire, opened upon us with a desultory line starting with Methodist preachers, and going through niggers. We begged for something short. We got this one of moonlight, monosyllables, and noonshine.

They were riding along silently in a buggy.

"Um?" he asked.

"Uh-huh", she acquiesced.

"Woa", and the buggy came to rest.

(We beg to insist that brevity is the sole of wit).

Hoping for something rich, rare, and racy along literary lines, we applied to Lady Jane. With due pains she picked a delicate piece of poetry in which there flows a fullness of the understanding of nature and the heart that flutters in the human breast.

"Mary had a little han',
Which felt as soft as wool,
And everybody knew a man,
Who held it like a fool."

(The deepest appreciation of this production can only be had after careful scanning and proper perusals. Its subtlety defies imitation.)

We went to Dr. Stevenson as a best bet. We found him in a quiescent state of mind and responsive to our appeals; but he hesitated when it came to jokes, as he only had a couple on reserve for Thursday morning. We got one about Jacob's well, but well, it's too deep.

Now that we have softened the hardening lines about the faces of our bright and shining seniors, we hope we have created a receptive state of mind for some advice. As they stand on the threshold of life overlooking all the mundane problems of this green earth and face those overwhelming difficulties, we advise that they follow the course of action set by some few of our radical moonshiners when the light goes out; "Let nature take her course."
